Subject: Mion S.p.a. activity

Dear Customers,

as is known, in this period Northern Italy is facing the spread of *Coronavirus COVID-19*, through the excellent facilities and health personnel of the area and in compliance with the regulations issued by the Government, constantly updated.

Such an unprecedented situation has generated a media hysteria which, unfortunately, creates a distorted perception, especially in those who are far away, of what is really happening in the areas concerned.

For this reason, I would like to inform you about what is the situation, to date, of our company and its activities:

In full compliance with the provisions of the D.P.C. 08/03/20 (see full text at [this link](#)) and previous decrees on the matter, **Mion S.p.a. has always continued and continues its activities regularly and with full staff.**

Preventive and behavioral measures, established by law, have been adopted within the Company and a rotating smart working regime is being adopted for commercial and administrative employees.

Our vertical and 100% Made in Italy production has not been affected in any way by the forced stop of Asian productions and the regular circulation of the goods, which in our case is exclusively handled by couriers, is ensured and guaranteed by decree.

This is the current situation.

If the rules change, Mion will adapt accordingly, in the primary interest of protecting the health of its employees, customers and suppliers.

In the hope that this communication will be useful to you, my staff and I remain at your disposal for any further clarification.

Kindest regards,

Niccolò Mion
C.E.O.

Mion S.p.A.
